SCRATCH AGENT 2 (Scratch Borrower Operations)

Jun 14, 2023, 9:27 AM PDT

Dear Mr. Van Tubergen,

We have again reviewed your questions, and your assertions are contrary to the terms of the BlockFi Loan Agreements and the collateral descriptions of the UCC-1 Financing Statements. The UCC-1 Financing Statements were filed pursuant to your BlockFi Loan Agreements, which the express language of Paragraph 5 of those Agreements permit and require: Section 5 "authorizes Lender at any time and from time to time, at Borrower's expense, to file in any jurisdiction any financing statements and amendments". The UCC-1s were those financing statements.

You claim that your personal and residential property was indicated as collateral in the Loan Agreements or in the UCC-1 Financing Statements. Again, it was not. The UCC-1 Financing Statements perfect the security interest only on the property described in the collateral description of the UCC-1s themselves, which is the cryptocurrency described in both the collateral description in the UCC-1 Financing Statements and in the collateral description in Section 5 of the Loan Agreements themselves. The UCC-1 Financing Statements do not perfect liens in property or affect property that is not identified in the collateral description.

Again, the UCC-3 Termination Statements were filed on all three Loan Agreements on May 1, 2023. We trust that this explains both the contractual basis for and the limited scope of the UCC-1s and that such UCC-1s have been terminated by those UCC-3 filings.

Thanks,
Team Scratch

John

Jun 7, 2023, 4:16 PM PDT

This does not explain where you had the right to file the UCC1 liens. They were put against my personal property and section 5 does not allow you to do that. The only collateral that you had was my crypto. Nothing more.

This means that Blockfi/Scratch has violated and breached our agreement by filing the UCC 1 lien against my personal property.

Which has caused major damages. You also did not send me a copy of the UCC3 release documents for each filing that I requested.

These were not removed until I had to reach out to you to do so. I also have in an email from Blockfis director of finance that they do not accept any collateral including home land property. The only collateral acceptable was and is crypto.

A UCC1 filing is specifically to file against property not crypto. Again, this is documented proof that Blockfi/Scratch violated our agreement.

This has caused myself and personal business massive damages. Please let me know how you would like to proceed. Or if I need to get legal counsel at this time to proceed in filing my case against you.

Hi John,

Here is the response from our team:

Dear Mr. Van Tubergen,

We have looked into your questions about the UCC-1 Financing Statements filed pursuant to your BlockFi Loan Agreements. You first asked generally where the Loan Agreements permit filing of UCC-1s with the Michigan Secretary of State to perfect BlockFi's security interest. We directed your attention to Section 5 of your Loan Agreements, noting further that Section 5 "authorizes Lender at any time and from time to time, at Borrower's expense, to file in any jurisdiction any financing statements and amendments". You next asked where your personal and residential property was indicated as collateral in the Loan Agreements. In short, they were not, nor was your personal property and residential property included in or subject to the UCC-1 Financing Statements either. The UCC-1 Financing Statements perfect the security interest only on the property described in the collateral description of the UCC-1s themselves. You will note that the collateral description in the UCC-1 Financing Statements match the collateral description in Section 5 of the Loan Agreements themselves. As the UCC-1 Financing Statements contain specifically described collateral, the UCC-1s are neither blanket liens nor do they perfect liens in property or affect property that is not identified in the collateral description.

UCC-3 Termination Statements were filed on all three Loan Agreements on May 1, 2023. We trust that this explains both the contractual basis for and the limited scope of the UCC-1s and that such UCC-1s have been terminated by UCC-3 filings on May 1, 2023.

Thanks,
Team Scratch

Hello,

I've read through section 5 of the LSA that you indicated gave the rights to place these liens.

It does not state that Scratch and or Blockfi had any rights to apply UCC liens against my personal residential home and property.

The only collateral that was agreed to and stated in the LSA is the 100% cryptocurrency that was posted before the 50% funding.

Please point put specifically where my personal property and personal guarantee using my personal property was indicated as the collateral for these loans. Thank you.

Hi John,

We have forwarded your request to our internal team.

We filed the 3 UCC-3 Forms and they should be available via the State of Michigan website once they've been processed.

We were advised that the right to file the UCCs comes from Section 5 of each of the respective Loan and Security Agreements. I have attached two of your promissory notes below. They all have the same language for section 5. You can access the rest on my.scratch.fi.

Thanks,

Hi **SCRATCH AGENT 1**

Please see the attached Lien statements that need to be removed.

Scratch will need to file a UCC-3 form for each UCC-1 that they filed.

I need this done right away as these have been there since 2019 and are effecting my business in a negative way.

If this isnt completed in the next 48 hours I will have to file a lawsuit against Scratch.

I need a copy of each UCC-3 form that is completed and emailed back to me along with a confirmation that they were submitted to SOS properly.

Please let me know if you have any questions.

Best regards,
